

We purchased Virgo through Gordon Low Marine Ltd, owners Neville and Annemarie Maddren (de Castro) in early 2009 and sold in May 2014.

We sold Virgo to Vaughan MacDonald and she has sold at least once, if not twice since then. As far as we are aware, Virgo is still berthed in Waikawa Bay.

Virgo was purchased in sound a condition however needed updating in the interior and some R & M. She had been used semi commercially taking people on diving trips. This included: replaced interior carpet, new bench top, new upholstery in main cabin, lined forward cabin, installed electric toilet, installed hideaway chain locker for remote anchoring, re-fibre glassed deck, and remediated some rot around a cabin window.

We used Virgo for leisure cruising and fishing in the Queen Charlotte Sound and Tory Channel. We never had a bad experience, she was well-found and reliable in all sea conditions. It was an absolute pleasure to own Virgo and we have many happy memories of our time as her owners.
